OXFORD COUNTY HAS 20 LEADERS HONORED BY U. OF M.

The University of Maine has honored 20 leaders in Oxford County during the past years. There have been eight Outstanding Farmers and 12 Outstanding Homemakers who have been recognized by the President of the University of Maine for their leadership qualities and the contribution which they have made to society, as well as their own family accomplishments. This recognition which takes place annually at Farm and Home Week is a highlight in the lives of those honored as well as the audience who is present. No advance announcement is made and many times the farmer's or homemaker's own family is not sure of the coming event.

Nominations are made by interested friends or neighbors. Special nomination blanks are available at your county Extension Office and may be secured at anytime. A county committee meets and considers all nominations and selects one farmer and one homemaker whose names are then forwarded to a state committee. Announcements of those chosen by the state committees, together with a citation, are then made by the President of the University of Maine.

The following people from Oxford County have received this honor:

Outstanding Farmers— Leslie E. McIntire, E. Waterford; Wilson H. Conant, Buckfield; E. Chandler Buzzell, Fryeburg; Edmund C. Smith, Bethel; Robert D. Hastings, East Bethel; Austin P. Stearns, South Paris; Wilson M. Morse, Waterford; John H. McKeen, West Paris.

Outstanding Homemakers — Mrs. Ada B. Noble, Hiram; Mrs. Edith B. DeCoster, Dixfield; Mrs. Edith L. Knightly, Norway; Mrs. Ethel Moulton, Hiram; Mrs. Cleora D. Adams Buckwald, East Sumner; Mrs. Jennie V. Heald, Buckfield; Mrs. Lucy A. French, Rumford Center; Mrs. Iona Andrews, West Paris; Mrs. Edith Howe, East Bethel; Mrs. Ethel Purkis, Buckfield, Mrs. Ida Wight, Newry; Mrs. Gladys Conant, Canton.

MAINE POTATO WEEK ENDS SATURDAY

Maine Potato Week officially ends this Saturday, Feb. 13. However, continued emphasis will be laid on the economy, quality, taste appeal, and nutritive values of Maine potatoes. The slogan is "the Maine difference is flavor."

COMMENTS FROM THE TOWN MANAGER'S OFFICE

A petition is being made to the County Commissioners to have discontinued that portion of the County Way between a point near the entrance to Chadbourne's Mill and the Greenwood town line that has been bypassed by the relocation of the State Highway. In other words all sections of the road that are not currently used as a public way and were abandoned when the new road was constructed about 25 years ago are included in the petition.

It is expected that the annual town report will be ready for distribution about Feb. 16th.

The warrant contains 51 articles, one less than last year, and will be ready for posting as soon as it is signed at the next meeting of the Selectmen. New articles ask for an appropriation for Pine Blister Rust control, which if approved will be matched with state funds by an equal amount. At the request of the School Department there is an article to vote on the closing of the South Bethel School. Another new article is to see whether the town will vote to establish a Capital Improvement Account for the purpose of constructing a fire station. If this article is approved the article following will provide that $5,000.00 may be appropriated from surplus for this account. The purpose of the Capital Improvement Account, if established, will be a reserve account for which monies are appropriated each year for several years and are kept on deposit at interest to be used for a specific purpose, in this instance the construction of a new fire station. It is also planned, if the article is accepted, that when the new station is constructed that it be large enough to have a new Community Room, as well as house the Town Offices.

Sincerely,
Harold L. Bean

LOCAL HEART FUND DRIVE PLANNED NEXT WEEK

The following volunteers will participate in the house-to-house canvass: Mrs. Richard Waldron, Mason, Crescent, Tyler and Kilborn Streets; Mrs. Lawrence Davis, Lower Paradise St.; Mrs. Kenneth Ramage, Upper Paradise, and Eden Lane; Mrs. Stanley Davis, Evergreen Road; Mrs. Guy Butler, Broad Street; Mrs. Robert Tifft, Mill Hill and Songo Pond Road; Mrs. Melvin Tenney, Park Area; Mrs. Ordell Anderson and Mrs. Herbert Rowe, Church Street; Mrs. Max Zallen and Mrs. Sylvia Sloan, Main St.; Mrs. Wallace Saunders, Elm St.; Mrs. Earlon Paine, Spring Street; Mrs. Richard Douglass, Chapman and Philbrook Streets; Mrs. Rudolph Royer and Mrs. Lee Hutchins, Vernon Street; Mrs. Lewis Sargent, High and Summer Streets; Mrs. Dexter Stowell, Clark St.; Carroll Valentine, Mechanic St.; Mrs. Wilfred Coolidge, Railroad St.; Mrs. Roland Glines and Mrs. William Bickford Bridge St.; Mrs. Irving Brown, Grafton Mill area; Mrs. John Nowlin, South Bethel; Mrs. Richard Carter and Mrs. Ranald Stevens, Middle Intervale; Mrs. Rodney Howe and Mrs. Kendrick Scribner, East Bethel; Mrs. Asher Runnels, Swan's Corner; Mrs. Ernest Angevine, Northwest Bethel; Mrs. Charles Chapin, Steam Mill; Mrs. Arthur Gilbert, West Bethel; Mrs. Richard Bryant, Stores. Dexter Stowell is chairman.

This will be the only major Heart Fund soliciting activity in 1960. Contributions are used for research, education, and community services pertaining to diseases of the heart and blood vessels. These diseases accounted for 54% of deaths in Maine last year.

Two Hurt in Crashes; Three Cars Smashed

Mr. and Mrs. Willis Ward escaped uninjured last Thursday evening when, blinded by lights of an approaching car, their car left the road and crashed a power company pole. The accident occurred near the home of Guy Rice on the Middle Intervale road.

In a collision at South Bethel Saturday evening Mrs. Charles A. Smith of East Bethel suffered severe leg cuts and a fractured elbow. Her husband who was driving was unharmed. Driver of the other car, Paul Shaw, suffered a broken right kneecap. Both were taken to the Norway hospital where Mr. Shaw underwent surgery Tuesday. The Shaw car skidded after hitting a soft shoulder, throwing it into the path of the Smith car. All cars were badly damaged.

BION F. BROWN

Bion F. Brown died Friday at the Norway Nursing Home where he had been cared for for the past two and a half years.

He was born in Albany, Feb. 3, 1880, the son of Walter and Elizabeth Brown. He attended Bethel schools and was employed for many years by the Canadian National Railroad as a signal maintenance man. He retired about 15 years ago. He resided in South Paris for 37 years prior to going to the nursing home. His wife, the former Mina Tyler, died in 1942.

He was a past grand of Mount Abram Lodge, I.O.O.F., and a member of Bethel Lodge, F. & A. M.

Surviving are two sons, Lawrence F., of Paris Hill, and Marshall, of Perryville, Conn.; a daughter, Mrs. Winifred B. Falzone, Winstead, Conn.; a daughter, Helen, died in 1928; eight grandchildren.

Funeral services were held held from the Huff Funeral Home, South Paris on Sunday afternoon. Rev. Kenneth V. Gray officiating. Interment will be in the spring in Pine Grove Cemetery in West Bethel.

MRS. MARY G. McCREA

Mrs. Mary McCrea died unexpectedly Monday at her home on Railroad Street.

She was born in Miscouche, P. E. I., Sept. 21, 1884, the daughter of Peter and Mary Anne MacNeil Gaudet. Since girlhood she had lived in Bethel and for many years was employed at Bethel Inn.

In 1920 she married William J. McCrea, whose death occurred July 2, 1926. She was a communicant of St. Athanasius Church, Rumford.

Survivors include a son, Robert, of Bethel, and a sister, Mrs. Joseph Maddix, of Rumford.

Funeral services were held Wednesday forenoon at the St. Athanasius Church. Interment will be in St. Rose de Lima Cemetery, Littleton, N. H.

RALPH W. BUCKNAM, M. D.

Dr. Ralph W. Bucknam died Friday, Jan. 29, at Hollywood Presbyterian Hospital where he had been a patient for two weeks.

Born Sept. 18, 1873, in Lewiston, educated in Lewiston schools and Bowdoin College. He practiced medicine in Bethel, Bryant Pond, and Portland, also in Los Angeles, Calif.

Surviving is his widow, the former Olivia Dudley of Bryant Pond, and two nephews in Braintree, Mass. Services were held at Purle Brothers Mortuary, Santa Monica Blvd., Hollywood, Feb. 3.

EXCELLENT PROGRAM AT B. A. D. C. ANNUAL MEETING

Philip H. Chadbourne, Charles S. Chapin, Richard L. Davis, Stanley E. Davis, and Edmond J. Vachon were re-elected to the Board of Directors of the Bethel Area Development Corporation at the second annual meeting of the organization held on Tuesday of this week at the West Parish Congregational Church and attended by 79 members and guests.

Following a delicious turkey dinner served by the Women's Fellowship, those present heard the annual reports of the officers in which particular mention was made of the opening of the Sunday River Skiway and the expansion of Roger Favreau's plant at West Bethel, both of which were major projects of the B.A.D.C. during the past year.

Lloyd K. Allen, Maine Commissioner of Economic Development, gave an interesting talk on the functions and program of the Department which he heads at Augusta, and paid special tribute to the fine community spirit existing in Bethel as demonstrated by the attendance at the meeting and the work already accomplished by the B. A. D. C. during the two years that it has been working for the improvement of economic conditions in the Bethel Area.

Immediately after the meeting of the members, the Board of Directors met to re-elect officers for the coming year and to elect Mr. Allen as an Honorary Member of the local organization. The Board also elected Fred A. Clough, Jr., former Commissioner of the D. E. D. and now a resident of Bethel, to active membership in the Corporation, and re-elected Sidney W. Davidson of New York, and Leland P. Bradford, of Washington, as honorary members.

The officers for the coming year are: Howard W. Cole, President; Addison C. Saunders, Vice President; Guy P. Butler, Secretary; and Edmond J. Vachon, Treasurer. Committee appointments for the year will be announced shortly by Mr. Cole.

LOCAL BRIDGE NOTED IN HIGHWAY MAGAZINE

Artists Bridge over Sunday River is featured on the cover of the February issue of The Maine Trail, official publication of the Maine Good Roads Association. An interesting article on Covered Bridges states:

"The bridge that artists have found most paintable is the Sunday River Bridge at Newry. Someone has said that artists have daubed more paint on their canvases than has ever been slapped on the venerable sides of this handsome relic. The hundred-foot structure was built in 1872 by Hiram York. There is a new 80 foot steel and concrete bridge 60 feet downstream from the old bridge that carries the traffic nowadays. The Artist's Bridge is closed off and after being spruced up will go on being a large and attractive still life to visiting 'collectors' whether they use paint or film."

SUNDAY RIVER

— Mrs. R. M. Fleet, Corres. —

Holman Bacon is home again.

Mr. and Mrs. R. M. Bean are forward to a visit from Dr. and Mrs. William Carey and family from Framingham, Mass., over Washington's birthday.

Mrs. Mary Tripp of Bear River was a recent caller of her parents, the R. M. Beans.

Mr. and Mrs. Keith Foster of Rumford were in town to install a new clock at the R. M. Fleets weather station.

Miss Jean Morin has returned to school after being home several days with a bad cold.

Douglas Irish of Bangor was at Bryce Yates' over the week end.

HIGHWAY COURTESY IS BACKBONE OF DRIVING SAFETY

"I firmly rsolve to be a more courteous driver during 1960!" This would be a practical and worthwhile way of saying: "Happy New Year" to every other driver on the road, according to the Maine Highway Safety Committee.

"Highway courtesy is never out-of-season," continued the committee. "At the beginning of the new year, the traditional time for making resolutions, each of us could undoubtedly profit by giving some serious thought to his driving habits—by asking himself: 'Am I as courteous while driving as I am at other times?'.

"Courtesy is a foundation-stone of civilized and free society. It is the form of self-regulation which involves such considerations as self-respect, respect for others, dignity, and thoughtfulness. It is essential to decent, efficient, safe living. No one can be a truly good citizen without being courteous, and no one can be a really good driver without practicing courtesy on the highway, whenever and wherever he drives.

"True courtesy," added the committee, "springs from an appreciation of the other fellow's difficulties and problems. Winter driving in Maine gives us many opportunities to be courteous. Reduced traction and reduced visibility are problems which confront all drivers. A considerate driver appreciates this fact and gives the other fellow a break. There are countless opportunities to make things easier for the other driver by not bulling straight ahead in a selfish, inconsiderate manner, insisting upon all our rights regardless of the situation.

"We all have our troubles," the safety group concluded, "under these difficult winter weather conditions. What better time could we choose to make up our minds to lean over backwards to be courteous? By so doing, we'll make driving conditions better for everyone, including ourselves."

4-H Club News

The 4-H Club district meeting was held recently at the Wilkins House, and local girls of the Lucky Leaf 4-H Club participated in the demonstrations.

Four-H Clubs of America hope to reach new goals in 1960.

The primary aim of 4-H work with youth is to provide opportunities for the mental, physical, social and spiritual growth of young people. This informal training supplements the training received in the home, church, and school.

The 10 most important objectives set forth by its leaders are: (No. 1) Acquire knowledge, skills and satisfactory attitudes for home and family life; (2) Enjoy a useful work experience, together with the responsibility and satisfaction of personal accomplishment; (3) Develop leadership talents and abilities to reach best citizenship potential; (4) Appreciate the values of research and learn scientific methods of making decisions and solving problems; (5) Recognize the importance of scientific agriculture and home economics and their relationships to home economy; (6) Explore career opportunities in agriculture, home economics and other fields and recognize the needs for continued education; (7) Appreciate nature, understand conservation and make wise use of natural resources; (8) Cultivate traits of healthful living, purposeful recreation, and intelligent use of leisure time; (9) Strengthen personal standards and philosophy of life based on lasting and satisfying values; (10) Gain attitudes, abilities, and understanding for working cooperatively with others.

The 4-H Club idea now circles the globe and more than 40 countries have adopted all or part of the plan and adapted to their own needs and conditions. Through the International Farm Youth Exchange, about 300 young men and women now take part in the farm, family, and community life of each other's countries each year.

What a wonderful opportunity our young people have within their reach.

Important events of the 1960 4-H Club year are:

National 4-H Club week, March 5-March 12.

National Rural Life Sunday, May 22.

National 4-H Conference, April 23-29.

National 4-H Club Congress, Nov. 27-Dec. 1.

Encourage your children to take advantage of the opportunities offered in a 4-H Club.

Mrs. Donald Richardson has returned home from the Stephens Memorial Hospital.

Mrs. Helen Smith of Bethel and Mrs. Frances Heath of Lovell called on their parents, Mr. and Mrs. Henry Trimback, Wednesday.

Miss Kathy-Jo Morrill of Bethel spent several days this week with her grandparents, Mr. and Mrs. Henry Sanderson.

Mrs. Murray Ring and son, John, left for Zephyrhills, Fla., last week and Mrs. Ring was stricken with pneumonia on arrival and was hospitalized.

The Crooked River Outing Club will hold its annual winter carnival on Feb. 27. It will start on 10 a. m. at Hersey's field in North Waterford and will continue at the Memorial School grounds in the afternoon. The PTA will serve supper at the school at 5:30 p. m. In the evening the medals and trophies will be awarded and following will be a Variety Show.

Mr. and Mrs. George Holt entertained their grandson, Bruce Witham of Norway, over the week end.

Mr. and Mrs. Walter Lord and Myra Flint visited Mrs. Ethel Cullinan in South Paris Thursday forenoon, and after their return home Mrs. Lord received word that her sister, Mrs. Cullinan, had fallen downstairs and broke her left elbow and was taken to Stephens Hospital.

Mr. and Mrs. Percy Upton of Portland were at their home here Sunday. They had dinner with Mr. Upton's sister and husband, Mr. and Mrs. Walter Lord.

Snow time is no time for speed;
Motorists in Maine pay heed.
Take it easy when you drive;
Slow 'er down—and stay alive!

Tractor, Garden Leaders in 4-H

Harris

Hall

Two Maine youths won top state honors in 4-H garden and tractor programs for 1959, according to the Cooperative Extension Service.

Both were awarded expense-paid trips to the 38th National 4-H Club Congress.

Stephen Harris, 18, New Sharon, was the garden project winner.

Harris won blue ribbons on his beans for four years. For two years he exhibited 25 vegetables at the Franklin County Fair and won top awards.

An eight-year 4-H'er, he is leader of the All-American Boys 4-H Club.

His Chicago trip was arranged by Allis-Chalmers Mfg. Co.

Tractor project winner Charles Hall, 18, of East Dixfield, acquired his first tractor in 1950.

This tractor expert, who grew up on a 450-acre farm, studies dairy farming at the University of Maine, where he is a freshman.

An eight-year 4-H'er, he is leader and past president of the Franklin County Tractor Club and also president of the Franklin County Dairy Club.

Hall was the guest of the American Oil Co. on his Chicago trip.

LONG DISTANCE

Quickest way to anywhere... anytime

Across the country or across the world, the long distance call is the fastest means of modern communication. Nothing can match the speed and convenience that go into action each time you lift your telephone receiver and say, "Long distance, please."

It's even more economical too, if you call after 6 P.M. or all day Sunday when rates are lower.

Whenever speed and convenience are important, use long distance.

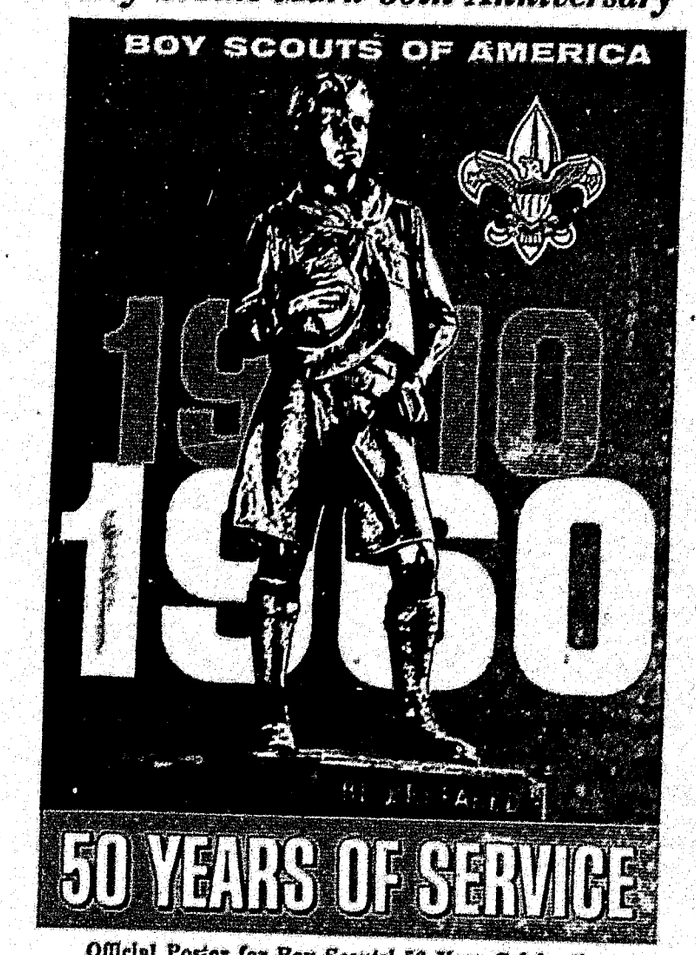
Boy Scouts Mark 50th Anniversary



Official Poster for Boy Scouts' 50 Year Celebration

More than 5,000,000 boys and leaders of the Boy Scouts of America will begin the observance of their 50th anniversary year during Boy Scout Week, February 7 to 13. The golden anniversary will be observed in every city and town and most villages in the United States and territories. The Scout alumni since 1910 exceeds 28,500,000 strong.

The theme of the anniversary is "For God and Country."

The high point of Scouting in 1960 will be the Fifth National Scout Jamboree when 53,200 Boy Scouts, Explorers and their leaders will camp at a 2,000-acre tent city on a ranch at Colorado Springs, Colorado next July 22 to 28.

Those remaining at home will conduct Cub Scout Jubilees, Boy Scout Jubilee Camporees and Explorer Jubilee Field Days the weekend the National Jamboree is in progress.

The National Good Turn for 1960 by the Boy Scouts of America will be their third non-partisan Get-Out-the-Vote campaign, conducted in cooperation with the Freedoms Foundation of Valley Forge.

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Thursday, February 11

Read Matthew 7:6-12.

Judge nothing before the time, until the Lord come, who both will bring to light the hidden things of darkness, and will make manifest the counsels of the hearts. (I Corinthians 4:5.)

WE would be slower to judge others if we paused to remember how little we know of them. I may see a moral defect in my neighbor and judge him on that basis alone. But I may be blind to some virtue in him which I do not possess.

In our church some years ago was a very troublesome member. But when I heard him pray, my heart went out to him. I knew he was fighting a hard battle with his temperament. I wondered what would have happened to me if I had his unfortunate upbringing and was subject to his temptations.

We are nearer the spirit and teaching of Jesus when we refrain from passing faultfinding judgment upon others. In the story of the Pharisee and the publican, our Lord teaches us that by dwelling upon the weakness of others we generate even greater weaknesses in ourselves.

PRAYER: Grant unto us, O Lord, to know the weakness of our own lives and the tenderness of Thy love. So may we be filled with compassion for those who seem least to merit it. May they, being assured of our love, never doubt Thy love for them; through Jesus Christ our Lord. Amen.

COUNTRY FLAVOR

"DISCONTINUED"

It was a simple statement in the article list of the Town Warrant. It read, "To see if the town will vote to discontinue the old Harrison Road, or take any action relative thereto." None of the voters seemed concerned. When the moderator read the article, one newcomer asked the location of the road. That was all. Someone made a motion which was seconded. The moderator put the vote. He banged the gavel and stated, "It is a vote in the affirmative." That's all there was. That was the end of the Harrison Road.

It was in the middle 1700's when the first group of men came into the hills and valleys to scout for new homes. That first fall they chose farm sites and marked boundaries of their future farms on the sloping shoulders of what became Harrison Hill. The next spring, with families and oxen, they returned, built cabins, and began to hew farms from the wilderness. They cut trees and burned them to make land for crops, hay and pasture. They made fences of stump roots, rocks and logs.

The Town pathmaster laid out a road from farm to farm and the road became the Harrison Hill Road. A village was started in the valley with sawmill and gristmill. On the hill road, farm houses were built and big barns housed long strings of cattle. Orchards were planted on the sunny hillsides and perennial flowers blossomed beneath the south windows of houses. For several generations, the hill farms thrived.

Then the bright lights of growing cities in the valleys called. Stories came back of land in the middle west where a man could plow all day and never hit a rock. One by one, the hill farms were abandoned and Nature took back the land that had been cleared. It was just a simple statement: to see if the town would vote to discontinue an old road that wound around the shoulder of a hill. The vote was affirmative. It was another small paragraph in the history of a nation still growing toward its destined stature.

MAN'S RECIPE

SUNNY ACRES EASY COFFEE CAKE

If you enjoy a hot, fragrant coffee cake once in a while for supper dessert, you may enjoy this. I worked on this a considerable spell to get a formula that hit the spot. It has proved one of the popular recipes in Country Flavor Cookbook.

Use one and a half cups flour, three teaspoons baking powder, one half teaspoon salt, three fourths cup sugar, one fourth teaspoon nutmeg, one third cup shortening, one egg beaten, two tablespoons light brown sugar, one half cup creamy milk, one teaspoon vanilla, one fourth teaspoon almond extract.

Sift flour with baking powder, salt, sugar and nutmeg into large bowl, and mix well. Cut in shortening until mix is like coarse cornmeal.

In second bowl, mix the beaten egg with brown sugar, milk, vanilla and almond extract. Add egg mixture to flour. Don't beat; mix just enough so everything is blended.

Pour half the batter into greased eight by eight pan. Keep batter a half inch from all sides. Over batter, scatter half the following mixture made of one half cup light brown sugar, one tablespoon white sugar, two tablespoons flour, one and a half teaspoons cinnamon, one half teaspoon allspice, one half cup chopped nuts.

Spread other half of batter. Sprinkle top with rest of topping mix. Scatter a dozen dollops of butter or margarine the size of a bluebird's egg. Bake at 375 about 40 minutes—or until done.

LIFE LINES

by Col. Ralph T. Miller of The Salvation Army

DOES GOD KNOW MY NAME?

A college student recently asked that question of a chapel speaker. He voiced the unspoken question of many people today.

We can grasp the concept of God as given in the early pages of the Bible. God who could walk with Adam and Eve in the Garden of Eden, and know them by name. But in the world today there are nearly two billion people. Is it possible that God can know the name of each one?

We can't conceive of such a thing. Because we couldn't do it. We assume that God is as limited as we are. We are taking our theology, as a recent writer reminds us, not from the Bible but from Mother Goose. We think of God as being like the Old Woman Who Lived in a Shoe "who had so many children, she didn't know what to do"!

Is our God like that? If we think He is, we need the reminder of J. B. Phillips, "Your God is too small."

I shall never forget one scene in "The Green Pastures," that grinning portrayal of the faith of the Old and New Testament, as seen through the eyes of a colored southern Sunday School teacher. In the scene to which I refer, God or "De Lawd" is about to visit the earth, to establish here the human family.

In His parting instructions to the archangel Gabriel, He says, "Keep an eye on that star out there that is acting up — and that sparrow that just fell, look after him, too."

Is your God too small? The God of the Bible is great enough to keep the stars in their courses, to mark the fall of the sparrow, and to know your name and every hair about you.

AUTO ONCE DISPLAYED AS AN ODDITY

The automobile was such a novelty in 1896 that the Barnum and Bailey Circus displayed one as its main oddity.

Today there are more than 80 million passenger cars traveling on the world's roads, according to World Book Encyclopedia. And about 65 million are owned by Americans.

That's enough cars to line every road, highway and street in the U. S. for a Sunday drive at one time with room left over for all the people of Great Britain and France. And even then, there would be 15 million empty seats.

Here are some other interesting facts about automobiles:

England tried to discourage the use of cars in 1865 by passing the Red Flag Law. The law required that someone carrying a red flag in the daytime and a lantern at night walk ahead of any steam carriage traveling on the highways.

The first president to ride in a car was William McKinley, [illegible] after being shot by an assassin in 1901.

A Cadillac was driven up the steps of the Capitol in Washington, D. C., in 1905, to prove the car's power.

The average car lasted [illegible] today it lasts more than 12 years. The average 1925 car traveled 25,750 miles before it was scrapped. The average car today travels 110,000 miles.

Private passenger cars in the U. S. travel more than 500 billion miles a year — a distance greater than 2,700 round trips [illegible]

MAINE MAN GOES TO VENEZUELA

Dr. Alvah L. Perry, of Orono, is now in Venezuela for two months. The economist and [illegible] of the Maine Agricultural Experiment Station is serving as an advisor on potato marketing to the Venezuelan Ministry of Agriculture in its planning [illegible] now that it's raising more of its own potatoes. Venezuela hopes to establish potato grades and consider setting up an inspection service. Dr. Perry will return to Maine about April 1.

AGRICULTURAL BUILDING TO BE DEDICATED AT U. OF M.

Hitchner Hall on the agricultural campus of the University of Maine at Orono will be formally dedicated this Saturday afternoon, Feb. 13. Ceremonies will get underway at 2 p. m. Dean of Agriculture Winthrop C. Libby has directed plans for the dedication. Dr. Lloyd H. Elliott, University of Maine president, will pay tribute to Dr. E. Reeve Hitchner, professor emeritus of bacteriology, for whom the building is named. He'll also describe the teaching, research, extension, and service functions of the building. Hitchner Hall provides facilities for the departments of animal pathology, bacteriology, biochemistry, and poultry science, and supplementary facilities for the department of animal science.

CHRISTMAS SEAL CAMPAIGN $2,029.89 SHORT OF LAST YEAR'S TOTAL

The state-wide Christmas Seal campaign of the Maine Tuberculosis Association is now only $2,029.89 short of the final figure reported for the campaign of the previous year, it was reported by Dr. C. Harold Jameson, Camden, president of the voluntary health association.

Dr. Jameson stated that the state-wide report from all affiliated associations on January 15 showed a total received of $101,233.11. The final report of the 1958-59 campaign was $103,261.00.

The association president said that "the amount reported was slightly ahead of a corresponding period of the previous campaign but still short of the final goal. The directors of the association hope that 'late returns' will hold up and that persons who have not yet responded will do so.

"There are still more than ten thousand letters containing Christmas Seals which were sent out in November which have not been answered. Only half of these people [illegible] the campaign would say [illegible]," he said.

Dr. Jameson reported that the campaign in the Western Maine program area of the state TB association (Franklin and Oxford Counties) was only $461.27 short of the final total contributed in the two counties area in the previous year. The Christmas Seal campaign records will be closed out in mid-March.

"As the TB problem appears to be lessened [illegible] continued, "the disease will become more difficult to combat. This is largely due to public complacency resulting from the decrease in the number of deaths. The public cannot afford to take a complacent attitude toward so dangerous a communicable disease. TB must be [illegible] until it is truly controlled or many people will suffer needlessly and at great economic and social cost to the state.

"The work of the voluntary [illegible] and health associations in the field of TB and respiratory diseases, made possible by public support of the Christmas Seal campaign, will help keep effective the important work of TB control," he concluded.

Traffic tie-ups on snow or ice-covered streets and roads cause delays for many thousands of motorists each year, the State Police point out. Many of these delays could be avoided if all drivers would make sure their cars are winter-protected. This means using tire chains when needed.

MAINE 4-H ENROLLMENT RUNS 454 AHEAD OF LAST YEAR

Maine's 4-H club project enrollment on February 1 reached 454 more than last year at the same time. This made a total of 9,217 projects.

Kenneth C. Lovejoy, state 4-H leader, Cooperative Extension Service, University of Maine, says that Maine 4-H club youngsters enrolled in 1,297 additional projects in January. Counties making the biggest 4-H project enrollment increases last month were Androscoggin-Sagadahoc, 346; Franklin, 187; Somerset, 158; and Penobscot, 144.

Largest 4-H club enrollments are in these counties: Penobscot, 878; Oxford, 871; Somerset, 810; Cumberland, 792; York, 782; Knox-Lincoln 711; and Central Aroostook, 625.

Nine Maine counties showed increases over last year in their February 1 enrollments in 4-H club projects. They were York, 370 more projects; Oxford, 250; Central Aroostook, 79; Cumberland, 68; Androscoggin-Sagadahoc, 59; Somerset, 49; Hancock, 39; Northern Aroostook, 26; and Southern Aroostook, 23.

Lovejoy also reported that programs of work from 70 additional 4-H Clubs were submitted to the state 4-H office during the month. This brought the total for the season to 381, some 13 ahead of last year. Knox-Lincoln, Oxford, Cumberland, and Penobscot Counties had submitted the most programs of work to date.

GOVERNOR PROCLAIMS FEBRUARY HEART MONTH

Governor John H. Reed has proclaimed February to be Heart Month in the State of Maine. The 1960 Heart Fund drive conducted by the Maine Heart Association began Feb. 1 and will continue through Feb. 29. Heart Month will reach its climax on Heart Sunday, Feb. 28, when volunteers will canvass their neighborhoods for contributions.

The Governor labelled the heart diseases "our Number One health enemy" and reported medical authorities in unanimous agreement that progress in diagnosis, treatment, control and prevention can come only from heart research. He called the Heart Fund "the nation's Number One defense against the heart diseases" because it makes possible the research, education and community service program of the American Heart Association and its affiliates, which constitute the nation's only independent voluntary agency dedicated exclusively to combating this health enemy.

GOULD ACADEMY

Gould Wins Class A State Ski Title

Gould Academy's ski team, coached by Paul Kailey, won the Class A Interscholastic ski championship last Saturday, by defeating Coach Zeke Dwelley's defending champion Edward Little Ski Club of Auburn by 2.18 points. Farmington skiers, coached by Dick Gould, placed third. All three schools will represent Maine in the New Englands Friday and Saturday, Feb. 12 and 13, at Lyndonville, Vt.

Team scores were: Gould 377.58; Edward Little, 375.40; Farmington, 342.97; Mexico, 296.07; Fort Kent, 290.24; MCI, 276.76; Fryeburg, 261.05; Rumford, 251.24; and Andover, 172.41. State champions for the individual events are Jimmy Maguire of Edward Little, jumping; Co-Captain George Ames of Farmington, cross-country; Gil Marco of Bath, slalom; and Tom Upham of Edward Little, downhill.

Gould ski team members are: Co-Captains Fred Lincoln and Pete Swallow, Nels Smith, Don Angevine, Pete Karpowich, Jay Langley, Pete Davis, Bill Call, and Sam Appleton. Assistant Coach is Gil Auger.

West Marko Race

At the annual West Marko Race held at Farmington's Titcomb slope, two Gould students took second places. In the Girls' Class One race, Ann Ordway placed second, and in the Boys' Class Two race, Jay Langley, placed second.

Fryeburg at Gould, Feb. 18

The postponed Fryeburg-Gould game will be played at Bethel on Thursday, Feb. 18. This will be the final appearance of the Huskies for the season. The visitors won a 36-35 victory over the "Blue and Gold" in the opening game of the season and another close one is expected again at Farnsworth Field House. The local J.V.'s, with one win over Fryeburg, will be trying for two in the opener scheduled for 6:30 p. m.

Mexico Tops Gould

Mexico High assured itself of third place in the Western Maine Conference by defeating Gould at Mexico last Friday in a close 40-37 score. The Pintos started fast to gain a 15 to 8 margin at the end of the first period, but Gould had a good second quarter as they reversed the score and both teams finished the half even-up at 23 all.

The game was close all the way with Mexico gaining a slight lead and holding it in the last few minutes. Bonney (13) and Kenoyer (12), led the winners, and Pete Wheeler, scored 11 for Gould.

The Mexico J.V.'s also won a close decision (37-33) over the Gould J.V.'s.

LOOK AT THE LOWER PRICES

List prices as much as $76.05 lower on popular models with popular equipment

The '60 Chevrolet models most people buy, equipped the way most people want them, are actually priced lower than last year's models. This two-tone Bel Air V8 sedan, for example—with Turboglide, push-button radio and de luxe heater—lists for a whole $76.05 *less!* Prices are lower for all comparable V8 models throughout the line. Also for all comparable 6-cylinder models with Powerglide. Yet they're loaded with more of the things that put pleasure into owning a car. (Just look at the list!) It's the greatest year yet to get into a Chevy!

Softer, more silent ride with coil [illegible] butyl rubber-cushioned body mounts.

Big brakes for quicker, surer stops. Rivetless bonded linings mean they last longer, too.

More room to relax in. Chevy sedans offer roomier seating than any car in their class. Lower, narrower transmission tunnel means more foot room.

Deep full [illegible] windshield among the [illegible] low-priced cars.

Electric windshield wipers keep sweeping [illegible]

Vent windows crank open and closed. So much simpler than fighting those tricky little catches.

Keyless locking of all doors. Quick [illegible] glovebox, trunk and starts the car.

Economy Turbo-Fire V8. Or how to get up to 10% more miles per gallon of regular and still have lots of "git."

Thriftiest 6 in any full-size car. It's the '60 version of the engine that got 22.38 miles per gallon in the 1959 Mobilgas Economy Run.

Widest choice of power teams. 24 engine-transmission teams in all, with output up to 335 h.p.

A truck that's made for long trips with [illegible] more usable load space. Sill's lower for easier loading.

Fisher Body craftsmanship. Look at the finish, the fabrics, the detail [illegible] the difference.

Drive it—it's fun-tastic! See your local authorized Chevrolet dealer for fast delivery, favorable deals.

GLAUCOMA DETECTION CLINIC TO BE HELD AT SOUTH PARIS MARCH 9

Residents over 40 of this community, as well as 17 townships of Western Oxford and Northern Cumberland County are being offered the chance to prevent blindness — in themselves — through attendance at a FREE Glaucoma Screening Clinic. It will be held in the South Paris High School Gymnasium on March 9, from 1 to 10 P. M. The Clinic will be staffed by the leading ophthalmologists (medical eye specialists) from all over Maine.

Under the supervision of the Lions sponsored Maine Sight Conservation Association, the purpose is to discover the disease which yearly robs 2% of Maine citizens over 40 of their sight — WHILE THEY ARE UNAWARE!

Started four years ago and supported by the Lions of Maine, the chief purpose of the organization is to fight this little known disease through education of Maine citizens and the operation of clinics to discover its "sight stealing" presence.

Nelson Turner of Bridgton, Executive Secretary of "Maine Sight," states that it will be necessary for people wishing to attend the clinic to call Norway — Pilgrim 3-2318 or to write "Clinic," 17 Radcliffe Street, Norway, for an appointment. This way there will be no need for long waiting periods. A car with 5 people having an appointment, will be on their way home in a half hour. "Incidentally," he continued, "there is no pain or discomfiture to the examination and the drop used will in no way affect the driver's vision."

A test for Visual Acuity (ability to see), Ophthalmoscopy (Eye Health), and Tonometry (a measure of internal liquid pressure of the eye) will be administered by the attending physicians. The results of these screening tests will be only to determine the possibility of the presence of "The Thief of Sight." Should indications show the need, the person will be referred to a physician or clinic for further determination. In the event that a person cannot afford this treatment, representatives of the State Department of Health and Welfare will be present to give assistance in procuring aid.

Turner further pointed out that 50% of all blindness could be prevented if discovered early enough to start treatment. He urged all residents of this area to avail themselves of the examination. "While it is primarily to detect Glaucoma, other eye ailments and diseases have been found at these clinics in time to save the person from total, disabling blindness," he concluded.

Dale Thurston of the Bethel Lions Club has disclosed the fact that not only will the Lions distribute the flyers put out by their Association, announcing the clinic, but are making plans to transport those without cars wishing to attend. Many of the Lions are planning to attend themselves in view of the findings at their Convention last June at the Samoset Hotel in Rockland. At that time, 218 Lions went through a similar clinic. Eight were found to have indications of the disease. Five have since been verified and are being treated — the threat of blindness checked because it was "caught" early enough to prevent blindness.

WHAT ARE THE JAYCEES?

The Jaycees is a civic service organization for young men between the ages of 21 and 35, inclusive. It is dedicated to two purposes:

1. Improvement and development of the community.
2. Improvement and development of its individual members to train them for business advancement and civic leadership.

In short, a Jaycee chapter is an organization of young men learning civic consciousness through constructive action!

This, then, is an organization specifically designed to meet a young man's need. Only in the Jaycees is it possible for a young man to assume leadership in community betterment at an age when such leadership would be denied him if he were competing for offices with older and experienced men.

The Jaycees is a federation of over 3,300 local organizations. There are active state Jaycees which are in turn composed of local groups within the respective states.

There are active affiliates of the Jaycees in every one of the 50 States. There are associate affiliates in 88 countries throughout the world.

A Jaycee pays the obligation that every citizen has to the community in which he lives in the pleasantest possible way — through civic service in cooperation with others. He meets and becomes friends with the very people he would be likely to seek for companions and acquaintances. Jaycees are alert, enthusiastic, ambitious men from all walks of life.

A young man owes a debt of gratitude to the town which provides him a home and the privileges of citizenship. Through the Jaycees, young men are given the opportunity to do their part in civic service pleasantly and profitably.

The Jaycees are a Junior Chamber of Commerce in name only. It is expected in the near future that the club will be known as the Jaycees, and not the Junior Chamber of Commerce.

The Jaycees will be more than happy to cooperate with any local organization, as long as it is within its Constitution.

Says President Dwight D. Eisenhower, "Yours is one of our nation's most distinguished and enterprising organizations. You are young and responsible people, with impressive careers and achievements already recorded to your credit."

LEGION AUXILIARY

The American Legion Auxiliary met for their regular meeting Tuesday evening at the home of Alta Meserve. Twelve members were present.

Josephine Tripp, vocational rehabilitation chairman, announced she has yarn for knitting and material to be made up for the Toxus box for the coming year, for those who are interested in helping on these projects. Voted to send cards of remembrance to two veterans who are patients in hospitals.

Refreshments were served by Mrs. Hilda Donahue and Mrs. Pearline McMillin. The mystery package was won by Mrs. McMillin.

The next meeting will be Feb. 23 at the home of Mrs. Frances Bennett.

Miss Memmelaar

Andrea Memmelaar, 17, daughter of Dr. and Mrs. Joseph Memmelaar of East Holden, was a Maine representative at the 38th National 4-H Club Congress in Chicago.

The Brewer High school senior won the all-expense trip, courtesy of Simplicity Pattern Co., by placing first in the 1959 Maine 4-H dress revue project, according to the Cooperative Extension Service.

Turning the trip trick was a two-piece outfit of soft blue hopsacking with a front-tying detachable white sharkskin collar studded with tiny blue embroidered flowers with small rhinestone centers.

A five-year 4-H'er, Miss Memmelaar is president of the Happy Hour 4-H Club.

NEW CIRCULAR COVERS FREEZING MEAT, POULTRY

New Extension Service Circular 352, "Preparing Meats, Fish, Poultry, and Eggs for the Home Freezer," is off the presses of the University of Maine. The illustrated, 12-page circular is available from county offices of the Maine Extension Service. It's also offered by the Department of Agricultural Communications, Extension Service, University of Maine, Orono. Dr. Kathryn E. Briwa, Extension nutrition specialist, is the author.

4-H CLUB NEWS

Bethel Hardworkers: We held our meeting at our leader's home. We finished our wrist pin cushion. The leader asked the girls to bring their account sheets and sewing machine pictures.—Respectfully submitted, Cindy Chapin.

The Lucky Clover 4-H Club met at the leader's home, Feb. 6, at 1:30. We talked about planning and serving a dinner Feb. 22 at the leader's home. Each of us has to make something and explain how we made it. We also talked about having a record hop at the East Bethel Grange Hall. There will be more about it in the next report. Cookies and drink were enjoyed by all. Next meeting Feb. 22 at the leader's home. —Club Reporter, Laurie Olson.

The Spoon and Hoe 4-H met Feb. 6 at the home of their leaders, Mr. and Mrs. Laurence Bailey. At the meeting the boys and girls worked on our account sheets. Refreshments were served by Jackie Brooks and Chris Bailey. — Club Reporter, Laurel Brown.

While we cannot endure to be deceived by our enemies or betrayed by our friends, we are often content so to serve ourselves.—La Rouchefoucauld

STATE POLICE WARN OF CARBON MONOXIDE

Is your life—and the lives of loved ones—being endangered by carbon monoxide from your car's exhaust system? The State Police present these facts on deaths from carbon monoxide, the so-called creeping killer, as cited by the National Safety Council.

1. Each year more than 300 persons are victims of the poisonous gas. This includes motorists who warm up their cars with garage doors closed, auto mechanics who repair cars in closed garages, and people who sit in parked cars and leave the motor on to keep heater or air-conditioner operating.

2. Somewhat less than fifty persons a year, as revealed by medical examiners' reports or autopsies, are victims of carbon monoxide while their car or truck is traveling the highway.

Though statistics may show relatively few lives lost in moving motor vehicles from this cause, most safety men say the total number of deaths isn't clearly known. One such official says: "We suspect that many one car accidents, rear-end collisions and accidents in which the driver says he fell asleep are caused by carbon monoxide."

The Council lists these symptoms of carbon monoxide poisoning: tightness across the forehead, followed or accompanied by throbbing in the temples, headache, weariness, weakness, dizziness, nausea, loss of muscular control and increased pulse and respiration. If you're driving at night and the darkness seems blacker than usual, the glare of oncoming lights brighter than usual, carbon monoxide may well be the cause.

"Fresh air," the Council says, "is the one sure way to prevent carbon monoxide poisoning." Checking muffler or exhaust pipe will enable you to detect danger before it's too late. Other suggestions from the National Safety Council: "1. Before starting engine, open garage doors wide. 2. Never drive with all windows closed. 3. If you're sleepy on the road, stop at once, get out and breathe fresh air. Then drive with windows open. Finally, don't follow other cars too closely. Their exhaust contains carbon monoxide fumes which may enter your car."
